Re: Enhancement Presentation Date and Agenda

PLEASE NOTE DATE CHANGE FOR PRESENTATIONS

AUGUST 22, 2008 FROM 9:00 TO NOON

Presentations should not be more than 15 minutes long. You can bring maps, poster boards, and other items to present your project. No Power Points. Show me how you want your project presented to the TERC.

If possible, I'll download all your applications to my laptop to be shown while you are presenting. We will also rank the projects at the end of the presentations, like we did last year.

Times will vary, depending on presentations. But let's try and be done by noon!
